

## PVC

### cables

PVC insulated (Heavy Duty) cables are manufactured with Aluminium and Copper conductors conforming to Indian Standards and to International Standards like BS, IEC, etc.

Approved by leading Companies

## Product Range

- PVC insulated Heavy duty cables up to 3.3 kv.
- PVC insulated Control Cables Up to 61 cores in Voltage grade 650/1100 V.
- PVC insulated Mining Cable.
- PVC insulated Flexible Cable.
- PVC insulated electrical wiring Cable.

## Manufacturing Range

- Aluminium and Copper Conductors
- Single Core Cables upto 1000sqmm
- Multi Core Cables upto 630 sqmm
- Normal PVC or HR PVC Insulation
- Special purpose FR/FRLS Sheath
- Construction : Armoured, Unarmoured
